MEMO DEALER LETTER JULY-2015

HO U18B LOCOMOTIVES – FAMOUS IMAGE SERIES

We are offering more Famous Image paint schemes on the HO U18B locomotive. These decorative schemes are colorful and easily recognized for their historical significance, each for its respective railroad. This will no doubt be the only time they will be offered so get your reservations in early! For those of you that want a decoration that is not listed or is so unique it may never be produced, two different undecorated kit versions are available for reservation.

HO AND N SCALE R-70-20 REFRIGERATOR CARS

We are offering several reruns in HO scale of this popular model. Six of the paint schemes are new to the N scale marketplace. This attractive, relatively modern model is beautifully detailed, precisely decorated, and offers an opportunity to build a unit train to the modelers of its era. These cars ran all across the country carrying produce and other food items requiring refrigeration.

HO SCALE PRESSURE FLOW COVERED HOPPER

It has been several years since this unique, highly detailed, sharply decorated model has been available. Several of the most popular paint schemes are being reproduced along with two paint schemes being offered for the first time. These cars are a necessary addition to any modern consist.

SHOW TIME – NATIONAL TRAIN SHOW!!

August 28, 29, and 30 are the days for the National Train Show which is held in conjunction with the NMRA National Convention. If you happen to be in Portland, Oregon during this time be sure to come by our booth and visit with the InterMountain representatives. This is a perfect time to discuss any service items and a chance to see what's new from InterMountain. We promise some pleasant surprises at this show. Come by to see us and be among the first to know!!!

Famous Image Collector Series
